# SIMBA SUMO 200cc

Experience the unstoppable power of the Sumo auto-rickshaw. This heavy-duty three-wheeler is built to handle any job or journey with ease. An auto-start engine ignites with the simple turn of a key, while the tPower gear system provides smooth acceleration and increased fuel efficiency to conquer steep hills and long distances.

A reinforced steel frame and extra-durable components stand up to bumpy roads, rugged terrain, and hauling heavy loads. With a reverse gear, tipping mechanism, spare tire, and onboard tool box, this auto is prepared for any situation. The Sumo's roomy canopy ensures every passenger rides in comfort while the radiator prevents overheating on hot days.

No matter where the road takes you or what transportation challenges come your way, rely on the Sumo auto-rickshaw to get you there with incredible strength and reliability.

ENGINE		CHASIS AND DIMENSION	
ENGINE TYPE	AIR-COOLED, 4 STROKE, SINGLE CYLINDER	FRAME TYPE	
DISPLACEMENT	210ml	FRONT SUSPENSION	Heavy duty spring with telescopic hydraulic shock absorber system
BORE*STROKE	63mmX64.8mm	REAR SUSPENSION	Heavy duty leaf spring with hydraulic shock absorber system
MAX POWER	10.5/8000	FRONT TYRE SIZE	5.00-12
MAX TORQUE	13.5/6000	REAR TYRE SIZE	5.00-12
COMPRESSION RATIO	10±0.1 : 1	BRAKE TYPE(F/R)	Drum Brake
FUEL SYSTEM	CARBURETOR , FUEL TANK, FUEL COCK	PHYSICAL MEASUREMENT	
IGNITION MODEL	CDI	PRODUCT DIMENSION	3620*1350*1450
START MODE	ELECTRIC & KICK	NET WEIGHT	400KG
LUBRICANTION SYSTEM	SG20W-50	WHEEL BASE	2370mm
COOLING SYSTEM	AIR-COOLED	OTHERS	
GEAR BOX	CONSTANT MESH 5 SPEED TRANSMISSION	TOP SPEED	90KM/H
TRANSMISSION TYPE	5 GEAR NON-CYCLE	MAX LOADING	850-1000 KG
CLUTCH TYPE	MANUAL MULTI-CHIP	FUEL CAPACITY	19L
		BATTERY TYPE	12V14AH
